Española, NM 87532

Dear Corrine,

I am planning a meeting of the E/R committee for Monday, April 7th to be held at Anthony's on the Delta restaurant. Those who can come early will have dinner at 5:30 pm with the remaining members to arrive when they can.

Please call me if you have some items for the agenda. So far, we have a discussion on the acquisition of off-site contamination data and the promotion of risk assessment standards for use by the DOE. During the dinner portion, we hope to hear from Manny and Chuck on the recent lawsuit by riffees and the U/C contract negotiations.

All members of the CAB are welcome to attend. If you are planning to bring Kathy and arrive for dinner, let me know so the restaurant can be prepared. Due to DOE regulations, we will each be paying for our own dinner.

Sincerely,

H. L. Daneman

cc: E/R committee
