GROUND WATER/HAZARDOUS WASTE  
BUREAU

Dear Mr. Pache:

Enclosed are EPA's comments regarding the completeness of the Part B permit application for Los Alamos National Laboratory (NM0890010515). As agreed upon, EPA performed the review of the incinerator portion of the application. In summary, EPA reviewed the trial burn plan and the incinerator portion of the waste analysis plan, security procedures, inspection procedures, personnel training, and the closure plan.

Please send a copy of the Notice of Deficiency for our files to Jamie Wright when it is issued to LANL. If you have any questions regarding the enclosed comments, please call Henry Onsgard of my staff at (214) 767-9719.

Sincerely yours,

for David L. Olschewsky, Chief  
Technical Section
