CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. Allyn M. Davis, Director
Hazardous Waste Management Division
U.S. Environmental Protection Agency
Region VI
InterFirst Two Building
1201 Elm Street
Dallas, Texas 75270

Dear Mr. Davis:

Subject: REQUEST FOR INFORMATION PURSUANT TO §3007 OF THE RESOURCE
CONSERVATION AND RECOVERY ACT, 42 U.S.C. §6927

This is in response to the subject letter. We are aware of the requirements to certify compliance regarding the groundwater monitoring by November 8, 1985. However, because of an unresolved groundwater monitoring waiver which we requested from the New Mexico Environmental Improvement Division, we cannot certify compliance. Therefore, we are prepared to submit closure plans for all landfills not previously covered in our Part B Application. We will submit the closure plans by the November 23, 1985 deadline to the New Mexico Environmental Improvement Division.

The additional information requested will be submitted by the deadlines outlined.

If you have any further questions please contact Avedon Gallegos of my staff at (FTS) 843-5288.

Sincerely,
