Re: Draft Operating Permit for Los Alamos National Laboratory
Hazardous Waste Storage, Treatment and Incineration

Dear Sir:

Please consider this letter a request to notify the undersigned of your department's decision to issue/deny a final permit to Los Alamos National Laboratory for the storage, treatment and incineration of hazardous waste. In addition, I hereby request a copy of the draft permit and/or a Statement of Facts or similar documentation released with the draft permit. In compliance with applicable regulations, I agree to pay reasonable charges incurred for search and copying costs. If these costs should exceed \$50, please contact me before proceeding. Otherwise please send me your invoice along with the information I have requested. I look forward to receiving your response as soon as possible. Thank you.

Sincerely

CHEMICAL WASTE MANAGEMENT, INC.

Pat Sommer
