Mr. Gus Cordova  
Taos City Manager  
P.O. Drawer M  
Taos, New Mexico 87571

Dear Mr. Cordova:

Thank you for your assistance in arranging a public meeting to discuss the Los Alamos National Laboratory hazardous waste permit. Your office has confirmed that 1:00 p.m., September 16th at the Bataan Recreation Center is an acceptable time. I would appreciate your further assistance to invite the members of the Taos City government who may be interested.

I have planned a briefing with slides to establish a common base of information on the permitting process. This should take about 20 minutes to present. I will then open the discussion to questions or statements from the audience. I anticipate this latter activity could be quite long but will stay as long as necessary. This will be an informal informational meeting, without a transcript or minutes, rather than a formal hearing.

Again, thank you for your assistance. If you have any questions please call me at 827-2923.

Sincerely,

C. Kelley Crossman  
Permitting Supervisor  
Hazardous Waste Section
