1074 Permit

MEMORANDUM

SUBJECT: Surface Impoundment Closure Conditions
for Los Alamos HSWA Draft Permit

TO: Bill Gallagher, Acting Chief
ALONM Section

FROM: Bill Luthans, Chief
Closure Section

Attached are draft permit conditions for RCRA regulated surface impoundments closure. These are submitted for your consideration of including them in the HSWA draft permit your Section is developing. Also attached is a listing of regulated surface impoundments known to exist at Los Alamos National Laboratory.

If you have any questions, please contact Marc Sides at x-6785.
