Dear Mr. Garcia:

This letter is written to request that PRC EMI be allowed to review the New Mexico Environmental Department files pertaining to Los Alamos Laboratory's (LANL's) submissions regarding their HWSA permit. The specific documents which we are aware of that we wish to review are the Closure Plans for Tech Areas 54 and 16, the A. T Kearney RCRA Facility Assessment Report, and the International Technologies RCRA Facility Investigation. This file review is a follow-up to our visit in October of last year.

We are aware that this is short notice but since we will not be viewing enforcement files, we feel that it is not unreasonable. Mr. Robert Couch of our office would like to view these files on Tuesday, May 28, 1991.

We appreciate your immediate attention to this request. Our fax number is 505/889-9787. Please do not hesitate to contact either Mr. Couch or me at 505/889-9777 if you have any questions.

Sincerely,  
PRC ENVIRONMENTAL MANAGEMENT, INC.

*These documents were reviewed by Mr. Couch on 5/28/91. He did not review any other documents. A. Elizabeth Gordon 05/29/91*

*I called to let Anita know that all the documents are apparently not in the files, but may be in the office. She said Bob will contact Elizabeth on Tues. mornings. Maria*
