v.)	No. 12233
)	
STATE OF NEW MEXICO; and HEALTH AND ENVIRONMENT DEPARTMENT, Environmental Improvement Division,)	
)	
Appellees.)	

JOINT STATUS REPORT

Appellants, United States of America and the Regents of the University of California, in accordance with the Court's Order, dated September 17, 1990, hereby file the following status report:

1. On September 17, 1990, this Court stayed the appeals in No. 12233 and No. 12190, pending resolution of the United States' complaint against the State of New Mexico and Health and Environment Department, Environmental Improvement Division, in the United States District Court for the District of New Mexico.

United States v. New Mexico, CIV 90-0276 SC. This Court further directed appellants to file monthly reports on the status of the federal district court proceeding.

2. The United States filed its federal district court complaint against the state defendants on March 19, 1990. A motion by the State of New Mexico to dismiss the complaint was denied by the United States district court by Order dated March 22, 1991. By that same Order, the Court joined the Regents of the University of California as a plaintiff in the federal action.

3. On October 4, 1990, the United States filed a motion for summary judgment on its complaint in the federal district court. On April 26, 1991, New Mexico filed its opposition and cross-motion for summary judgment. Both the United States and the Regents of the University of California have opposed New Mexico's cross-motion for summary judgment. Briefing on these motions is complete and the parties are awaiting a decision by the Court.

4. On July 10, 1991, the parties filed their joint initial pre-trial report, as directed by the Court. By Order dated July 18, 1991, the district court scheduled trial for April 6, 1991. The plaintiffs believe, however, that because the issues to be resolved are purely legal, the matter is appropriately to be resolved on summary judgment.

5. Because the federal district court has determined it properly has jurisdiction over the United States' complaint, the

United States may file a motion to voluntarily dismiss its appeal in this matter.

Dated: October 4, 1991.

Respectfully submitted,

BARRY M. HARTMAN
Acting Assistant Attorney General
Environment & Natural Resources Division
