Dear Mr. Stone:

**SUBJECT: REQUEST FOR INFORMATION PURSUANT TO SECTION 3007  
OF RCRA, FOR THE LOS ALAMOS NATIONAL LABORATORY  
(LANL)**

This letter is written to seek a 10 day extension, until COB on August 24, 1992, for submittal of the information required by August 14, 1992 (i.e., 15 days of receipt of a letter dated July 24, 1992 from Allyn Davis to Allen Tiedman). Attachment A to the Davis letter requires submittal of Information Request Nos. 1, 2, 3, 4, and 5.

The Laboratory received EPA's request on July 30, and has been compiling the requested information. Please be assured that the Laboratory intends to comply fully and completely with the request in as timely a manner as possible.

Generation of the desired information is based on complex and diverse data in several databases that are not readily available in the format you required. Therefore, the data must be re-configured to comply with your data format.

I appreciate your attention to this matter. Please call Jim White of the Environmental Protection Group (EM-8) at (505) 665-0677 if you have any questions of a technical nature as it applies to this matter.

Sincerely,

*LA Entee for*
