CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. William K. Honker  
Hazardous Waste Management Division  
U. S. Environmental Protection Agency  
Region 6  
1445 Ross Avenue, Suite 1200  
Dallas, TX 75202-2733

Dear Mr. Honker:

As required by Section VIII.F.1 of Module VIII of the Los Alamos National Laboratory hazardous waste permit, we are providing a written notification of the discovery of 27 new Solid Waste Management Units (SWMUs) subject to investigation pursuant to Resource Conservation And Recovery Act (RCRA) 3004(u) and 3004(v). Projected schedules for assessment of these newly-identified SWMUs (see enclosed table) are listed by operable unit in appendix N of the 1992 Installation Workplan.

Based on preliminary investigation, we believe that wastes managed in these units pose no imminent threat to human health or the environment. All SWMUs identified in the enclosed table will be investigated during the RCRA Facility Investigation. If you have any questions, please feel free to contact Steve Slaten of my staff at FTS 8-505-665-5050.

Sincerely,

Joseph C. Vozella, Acting Chief  
Environment, Safety and Health  
Branch
