Barbara Hoditschek  
Program Manager for Permitting  
NM Environment Department  
Hazardous and Radioactive Waste Bureau  
1190 St. Francis Drive  
Santa Fe, New Mexico 87501

Dear Ms. Hoditschek:

Please provide me with the most current mailing list for the RCRA permit at Los Alamos National Laboratory's Environmental Restoration Program. I would like to update our current mailing list and ensure that it includes the official list for public notification of permitting issues.

If possible, I would like the list on a computer disk for easy transfer of names to my current list. Please call me if you have any questions. Thank you.

Sincerely,

Patricia A. Trujillo-Oviedo  
Community Relations Project Leader
