Permit

Theodore J. Taylor  
Program Manager  
Environmental Restoration Program  
Los Alamos Area Office  
Los Alamos, NM 87545

Dear Mr. Taylor:

One of the conditions under Module VIII, Task V, Part D(2) of Los Alamos National Laboratory's Hazardous and Solid Waste Amendments permit requires LANL to submit two copies of all reports to the Environmental Protection Agency (EPA). Submitting two copies of all reports will expedite EPA review of documents, especially when multiple reviews of a document may be required. Recently, EPA has been receiving only single copies of documents. Please remind your staff of this permit requirement for duplicate copies of documents.

Should you have any questions, please contact me at  
(214) 665-7441.

Sincerely,

Barbara Driscoll, Geologist  
NM/FF Section
