From: John Kieling, RPMP's LANL Facility Manager
Subject: Notice of Intent
Date: August 5, 1997

The RCRA Permits Management Program (RPMP) does not have any comments at this time regarding LANL's Notice of Intent (NOI) to discharge. If the Surface Water Quality Bureau or the Ground Water Quality Bureau wish to discuss the NOI format with the RPMP the monthly LANL Working Group would be an appropriate forum. The next LANL Working Group is scheduled for August 14 (Thursday), in the HRMB conference room. If you have any questions regarding this memorandum please contact John Kieling at 827-1558.
