SUBJECT: NMR10A064, NOTICE OF TERMINATION

NEW MEXICO ENVIRONMENTAL IMPROVEMENT
OFFICE OF THE SECRETARY

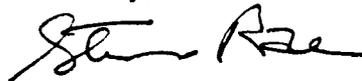

Dear Madam or Sir:

Enclosed in the University of California's Notice of Termination as permittee for the discharge of storm water from a construction project at the Los Alamos National Laboratory. This construction project was located within the Laboratory and had received a NPDES General Permit number of NMR10A064. This site has been stabilized and all storm water discharges associated with the construction project have been eliminated.

If you have any further questions concerning the University of California's Notice of Termination, please contact Mike Alexander of the Laboratory's Water Quality and Hydrology Group at (505) 665-4752. Please direct all correspondence to:
