

Class III Permit Modification Request
July 18, 2001 ~ Public Meeting ~ COMMENT CARD ENTERED

Please provide your comments on the Class III Permit Modification request to the New Mexico Environment Department regarding the removal of twenty-five (25) Solid Waste Management Units from the Laboratory's Hazardous Waste Facility Permit. **Written comments will be accepted during the 60-day comment period, from June 10, 2001, to August 10, 2001.** This comment card can be given to staff at the meeting or mailed (postage required) directly to the New Mexico Environment Department.

Comments:

HBWALANIL GIB/2001

I have read the binders documenting studies on the PRSs proposed for NFA.

In addition, I am personally familiar with the HE test houses.

I feel that these PRSs do not present a hazard to human health or the environment.

I feel resource can be better spent on other PRSs.

(PS sorry to be so late)
