Los Alamos National laboratory (LANL) is a contractor-operated research facility under the administration of the United States Department of Energy and is the site of experimental research and development of nuclear weapons and explosives. Throughout its history, LANL has conducted and has generated and disposed of on-site a variety of hazardous, radioactive and solid wastes. The New Mexico Environment Department (NMED) is issuing an Order to LANL pursuant to NMSA 1978 74-4-10.1 and 74-4-13 of the New Mexico Hazardous Waste Act. The Order contains investigation and cleanup requirements and a schedule for implementation at LANL. NMED invited the public to submit written comments on a draft of the Order during a sixty

AFFIDAVIT OF PUBLICATION

STATE OF NEW MEXICO } ss.
County of Taos

I, Kathleen Weinzettl being first duly sworn, declare and say that I am the Controller of the TAOS NEWS, a weekly newspaper, published in the English language, and having a general circulation in the City and County of Taos, State of New Mexico, and being a newspaper duly qualified to publish legal notices and advertisements under the provisions of Chapter 167 of the Session Laws of 1987; that the publication, a copy of which is hereby attached, was published in said paper for 1 insertions and on Thursday of each week in the regular issue of the paper during the time of publication, and that the notice was published in the newspaper proper and not in any supplement, for 1 insertions the first publication being on the 27th day of June 2002, and the last publication being on the 27th day of June 2002; that payment for said advertisement has been (duly made) or (assessed as court costs); that the undersigned has personal knowledge of the matters and things set forth in this affidavit.
