Dear Mr. Coghlan:

This letter is in response to your request for information regarding the New Mexico Environment Department's (NMED) schedule for issuing a hazardous waste management permit (LANL Permit) and Order to the U.S. Department of Energy (DOE) and Los Alamos National Laboratory (LANL) (collectively Permittees) under the federal Resource Conservation and Recovery Act (RCRA) and the New Mexico Hazardous Waste Act.

The Department will be publishing a schedule for these activities within two weeks. We will ensure that the information is readily available on our website at www.nmenv.state.nm.us. I or one of my staff will notify you when the schedule is posted.

I hope this response answers your questions. Please let me know if you have additional questions or need more information.

Sincerely,
