Dear Carmen --

Hello from afar! Hope you are well and thriving.

Carmen, I think that it is not a good idea to have permit mods on a permit that has been continued so long after its formal expiration. Please bring these up as comments on the proposed draft operating permit, or in the decisionmaking process associate with that permit.

Ruth, I am on web mail, and so could you please forward these comments to James Bearzi or Greg Lewis?

Thank you, all,

greg
