Subject: request for hearing

I have hereby requesting a hearing on the Los Alamos National Laboratory Hazardous Waste Facility Permit Modification class 3 permit modification to remove module VIII corrective action requirements and a class 3 permit modification for the removal of three solid waste management units (SWMUs) informational public meeting located at a meeting place easily accessible from a city of Santa Fe public bus system bus stop and during hours in which the bus is running (Santa Fe trails, for information on city bus stops and times of service, call 955-2001). The nature of the issues proposed to be raised in the hearings are as listed above, including the United States Department of Energy (DOE) and the University of California (UC) Los Alamos National Laboratory (LANL) staff should invite the public to participate in an informational meeting to learn about the proposed changes to Module VIII of the Hazardouse Waste Facility Permit. LANL is requesting one Class 3 permit Modification to remove the corrective action conditions contained in Module VIII of the Hazardous Waste Facility Permit, as required by the Compliance Order on Consent that was signed on March 1, 2005. The Consent Order contains the new requirements and schedule for the corrective action program at LANL. LANL is also requesting a second Clasws 3 permit modification to remove three Solid Waste Management Units (SWMUs) that have been approved for "No Further Action" by the New Mexico Environmental Department (NMED). This meeting should be advertised like the previous one held August 25, 2005, including in a free newspaper. Copies of the proposed permit modifications should be brought to the meeting and hearing I am requesting. Additionally, I am requesting that the Permittee (LANL) or UC or DOE or all three, history during the life of the permit being modified be available at the meeting/hearing I am requesting.
