SUBJECT: RESPONSE TO REQUEST FOR EMERGENCY MANAGER CONTACT INFORMATION, LOS ALAMOS NATIONAL LABORATORY, EPA ID NM0890010515

Ms. Maestas:

The purpose of this letter is to provide information that you requested by phone from Luciana Vigil-Holterman of my staff on February 8, 2007. During your phone conversation with Luciana, you requested additional information about the contacts that were removed from the emergency manager list documented in the Los Alamos National Laboratory's Hazardous Waste Facility Permit.

The Laboratory's Hazardous Waste Facility Permit was modified via two class one permit modifications submitted on April 17, 2006 and on May 30, 2006. The modifications were made to update the names for the emergency manager contacts listed in the permit. The modifications stated that new contact information was valid for both interim status and permitted units.

The following is a list of the named manager contacts that were removed from the permit and the date that the manager ceased employment with the Laboratory, if applicable. Please note that the employees that continue employment at the Laboratory were active emergency managers until the time of their removal from the permit.

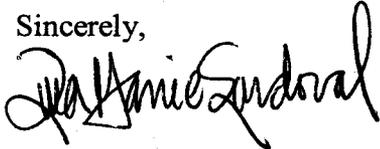

- Gary W. Bequette, September 2000
- Cheryl S. Bequette, December 2000
- George Van Tiem, June 2003
- Ed Nettles, August 2001

- Eugene Darling, still employed with LANL
- Douglas Tuggle, still employed with LANL

Please contact Jack Ellvinger at 667-0633 if you have questions regarding this matter.

Sincerely,

Tina Marie Sandoval
