**RE: RESPONSE TO EXTENTION REQUEST REGARDING THE RADIOACTIVE
LIQUID WASTE TREATMENT FACILITY (RLWTF)
LOS ALAMOS NATIONAL LABORATORY (LANL)
EPA ID #NM0890010515
LANL-07-05**

Dear Messrs. Winchell and Watkins:

The New Mexico Environment Department (Department) is in receipt of the United States Department of Energy and Los Alamos National Security, LLC's (collectively, the Permittees) request for an extension of time to submit information regarding the exemption status of the RLWTF, LANL document ENV-RCRA-07-262, as outlined in the Department's letter of October 26, 2007. According to the letter, all required information is to be submitted within 30 days of the Permittees receipt of the letter, or by December 1, 2007.

The Permittees assert that a portion of the information requested is extensive and not readily available. The Department therefore grants an extension until December 17, 2007 to submit information items 5, 6, 8, 10, and 12. The original due date of December 1, 2007 stands for submittal of information the Permittees should have readily available, including items 1, 2, 3, 4, 7, 9, and 11.
