Subject: Burning Hazardous Waste

Dear Mr. Keiling,

I was once a resident of New Mexico, and experienced that beautiful landscape and mountain air. I can't imagine your burning nuclear waste that settles in the atmosphere there and around surrounding states. Please consider not doing this. Sincerely, Sr. Pat Frueh, S.L..

Sister Frueh,
I am assuming that your comment provided is in regards to the Revised Draft Permit for Los Alamos National Laboratory. Please correct me if I my assumption is incorrect.

Also, if you would like a formal response to your request you will need to provide the physical address to which we can reply for the record.

Thank you,

John Kieling
