

**NOTICE OF CLASS 1 PERMIT MODIFICATIONS TO THE LOS ALAMOS NATIONAL LABORATORY HAZARDOUS WASTE FACILITY PERMIT
EPA ID NO. NM0890010515**

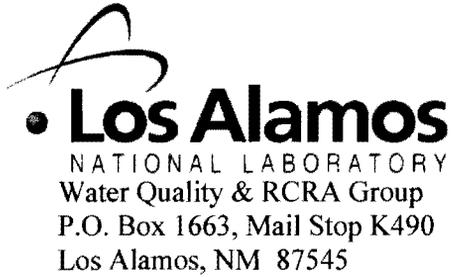

The Department of Energy (DOE) and the Los Alamos National Security (LANS), LLC have submitted seven Class 1 permit requests to modify the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit issued to the Department of Energy and Los Alamos National Security, LLC (DOE/LANS). Four additional Class 1 permit modifications have also been submitted for review and approval by the New Mexico Environment Department Hazardous Waste Bureau (NMED-HWB).

All of the permit modifications were submitted to the NMED-HWB on March 17, 2011. The seven Class 1 permit modifications included revisions to the emergency equipment lists, clarification to the permit conditions and inspection activities, and the removal of structures from permitted units. The additional four Class 1 permit modifications requested review and approval prior to implementation and requested the addition of structures to permitted units and clarifications to permit requirements. The permit modification submittal included suggested revisions of figures and text associated with these clarifications, additions, and removals.

The Permit modifications are Class 1 modifications or Class 1 modifications requiring prior approval by the NMED-HWB. The basis for the requests has been included in the permit modification discussions. The changes are not made in response to changes in the types or quantities of the waste managed, technological changes in waste management procedures, new regulations or to remove emergency equipment which is the basis for higher level modifications as discussed at 40 CFR §270.42(d).

The official permit can be found on the NMED-HWB webpage at: <http://www.nmenv.state.nm.us/hwb/lanlperm.html#FinalPermit>. And the permit modification submittal can be found at LANL's electronic Public Reading Room (<http://www.lanl.gov/prr/index.shtml>). If you have any questions regarding these permit modifications please contact Mark Haagenstad at (505) 665-2014 or mph@lanl.gov.
