Dear Mr. Kieling:

**NMED
Hazardous Waste Bureau**

Subject: Request for Extension to Submit the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit Instances of Noncompliance and Releases for Fiscal Year 2015 EPA ID# NM0890010515

The purpose of this letter is to request an extension of time to submit the fiscal year 2015 noncompliance report that is currently due December 1, 2015. The noncompliance report is required by Section 1.9.14 of the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit (the Permit). The report lists instances of noncompliance with the Permit and any releases at or from a permitted unit that did not pose a threat to human health or the environment. The U.S. Department of Energy (DOE) and Los Alamos National Security, LLC (LANS), collectively the (Permittees), request an extension until December 22, 2015.

Per our conversations with New Mexico Environment Department-Hazardous Waste Bureau (NMED-HWB) staff on November 19, 2015, the Permittees are requesting an extension to provide a complete review of the data and ensure the accuracy of the report to be submitted to the NMED-HWB. The preliminary data received for inclusion in the report was received from facility databases and appears to require additional review to determine the applicability of the conditions of the Permit.

If you have questions about the report or would like to discuss any of the contents further, please contact Mark P. Haagenstad at (505) 665-2014 of Environmental Compliance Programs (ENV-CP), or Gene E. Turner, Los Alamos Field Office at (505) 667-5794.
