**RE: APPROVAL AND FEE ASSESSMENT  
CLASS 1 PERMIT MODIFICATION REQUEST TO THE LOS ALAMOS  
NATIONAL LABORATORY (LANL) HAZARDOUS WASTE PERMIT  
ATTACHMENT D, CONTINGENCY PLAN  
EPA ID #NM0890010515  
HWB-LANL-17-001**

Dear Ms. Armijo and Mr. Bretzke:

The New Mexico Environment Department (Department) has received from the United States Department of Energy and Los Alamos National Security, LLC, (collectively, the Permittees) a *Transmittal of Class 1 Permit Modification to the Los Alamos National Laboratory Hazardous Waste Facility Permit (PMR) Attachment D, Contingency Plan* and referenced by EPC-DO-16-368 and LA-UR-16-29077. The Permittees submitted this permit modification request (PMR) on January 3, 2017, seeking to modify the Permit to provide updated organizational names changes to Permit Part 2.10.5, and Permit Attachment D, *Contingency Plan*.

The Department has reviewed this PMR in accordance with 20.4.1.900 NMAC (incorporating 40 CFR 270.42(a)) and has incorporated the changes into the Permit. In addition to the changes proposed by the Permittees, the Department has also made two minors editorial changes to the Permit which are indicated in the attached Table 1.

Ms. Armijo and Mr. Bretzke

The Department has accepted the submittal for review in accordance with the New Mexico Hazardous Waste Permit and Corrective Action Fee Regulations, 20.4.2.201.B(2) NMAC. The fee invoice is attached to this letter. If you disagree with the fee assessed, you may notify NMED in writing, at the address above, of the intent to appeal the invoice under the provisions of 20.4.2.302.A NMAC.

The New Mexico Hazardous Waste Permit and Corrective Action Fee Regulations, 20.4.2.201.F NMAC require the assessment of fees. Payment is normally due within sixty (60) calendar days from the date that you receive the invoice in accordance with 20.4.2.301.C NMAC. However, because the Department currently maintains a supplemental fee agreement with the Permittees for State fiscal year 2016, and the Permittees transmitted payment of supplemental fees, the fee invoice has been effectively paid under these supplemental fees

An electronic version of the Permit that incorporates the modifications is enclosed with this letter. The modified Permit is also available on the Department's Hazardous Waste Bureau website at <http://www.env.nm.gov/HWB/lanlperm.html>.

If you have any questions regarding this correspondence, please contact Siona Briley of my staff at 505-476-6049.

Sincerely,

John E. Kieling  
Chief  
Hazardous Waste Bureau
