**RE: FEE ASSESSMENT AND APPROVAL
 CLASS 1 PERMIT MODIFICATION REQUEST TO ADD A NEW CO-
 OPERATOR
 LOS ALAMOS NATIONAL LABORATORY
 EPA ID #NM0890010515
 HWB-LANL-18-042**

Dear Messrs. Goodrum and Hintze:

The New Mexico Environment Department (NMED) has received the United States Department of Energy (DOE)'s, *Class 1 Permit Modification Request to Add a New Co-Operator (PMR)*, dated August 16, 2018, received August 17, 2018, and referenced by LA-UR-18-25123/ADESH-18-033.

Currently, DOE, Los Alamos National Security, LLC (LANS), and Newport New Nuclear BWXT (N3B) are Permittees for the Los Alamos National Laboratory Hazardous Waste Permit. The DOE has submitted this PMR requiring prior approval, seeking to modify Permit Parts 1, 3, 4, 7, 11 and Permit Attachments A, B, and C to reflect change in operational control from LANS to Triad National Security, LLC, (Triad), as a new co-operator and permittee. The requested permit modification reflects the transfer of controls of specified hazardous waste management units (HWMUs) at Technical Areas (TA) 3, 14, 16, 36, 39, 50, 55, 63, and 54 West from LANS to Triad. The DOE will continue to own and co-operate all HWMUs under the Permit.

Messrs. Goodrum and Hintz
September 7, 2018
Page 2

NMED has reviewed this PMR in accordance with the New Mexico Administrative Code Title 20, Chapter 4 (20.4.1.NMAC) and has incorporated the proposed modifications into the Permit.

An electronic version of the Permit that incorporates the modifications is enclosed with this letter. The PMR is also available on the NMED's Hazardous Waste Bureau website at:
<https://www.env.nm.gov/hazardous-waste/lanl-permit/>

The New Mexico Hazardous Waste Management Regulation at 20.4.1.901 A (10) NMAC states "A final permit decision shall become effective thirty (30) days after the notice of the decision has been served on the applicant..." However the effective date for Triad to be added as a new co-operator is November 1, 2018, which is the date the DOE put forth as the date when Triad will begin to manage and operate specified hazardous waste management units at LANL.

NMED has accepted the submittal for review in accordance with the New Mexico Hazardous Waste Permit and Corrective Action Fee Regulations, 20.4.2.201.B(2) NMAC. The fee invoice is attached to this letter. If you disagree with the fee assessed, you may notify Mr. Brian Holton in writing, at 2905 Rodeo Park Drive East, Building 1, Santa Fe, New Mexico 87505-6313, of the intent to appeal the invoice under the provisions of 20.4.2.302.A NMAC.

The New Mexico Hazardous Waste Permit and Corrective Action Fee Regulations, 20.4.2.201.F NMAC require the assessment of fees. Payment is normally due within sixty (60) calendar days from the date that you receive the invoice in accordance with 20.4.2.301.C NMAC. However, because NMED currently maintains a supplemental fee agreement with the Permittees for State fiscal year 2019, and the Permittees transmitted payment of supplemental fees, the fee invoice has been effectively paid under these supplemental fees.

If you have any questions regarding this letter, please contact Siona Briley at (505) 476-6049.

Sincerely,

John E. Kieling
Chief
Hazardous Waste Bureau
