MAIL STOP 495

1387 Report

Nine percent of my time was spent talking with various people on various subjects, 12% was spent reviewing or writing various reports, 12% was spent on the update of LA-6848-MS, 3% was spent on the trace element study, 18% was spent on the map, and 16% was spent on Dr. Bullard's visit. The equivalent of 19% of my time was put in above regular working hours.

Dr. Fred M. Bullard was a consultant to H-12 July 9th - 11th. He gave the lab colloquium July 10th: "Effects of Volcanic Eruptions on Our Environment." He also spoke on the 10th to H-8 and H-12 people on "A Geologist Looks at the Legend of the Lost Continent of Atlantis."
