1396 Report
Ten percent of my time was spent talking to various people on various subjects, 30% was spent on the geologic map; 2% was spent on the trace element study, 1% was spent on the "index of refraction" study, 15% was spent on preparing for External Review, 34% was spent on discussion, reading or writing for program A415. The equivalent of 34% of my time was put in above regular working hours. March 9-14th I attended the Tucson Waste Management '80 Meeting. I made a presentation March 20th. to Dr. Willard Chappell for External Review.

The final analyses for the trace element study came in this month. The data was turned over to Dick Beckman, S-1 for statistical analyses.

I worked on Maps 5, 6, 9, 10, 14, and 15 for the geologic map. Field checking was done on Maps 9 and 15. Map 10 was finished.
