Dear Messrs. Rael and Graham:

The New Mexico Environment Department (NMED) has received the United States Department of Energy (DOE) and the Los Alamos National Security L.L.C.'s (LANS) (collectively, the Permittees) *Request for Extension for the Submittal of the Notice of Disapproval Response for the Stormwater Performance Monitoring in the Los Alamos/Pueblo Watershed during 2010* (Request), dated June 3, 2011 and referenced by EP2011-0196. The Permittees cite the large number of comments and the need to clarify expectations as grounds for requiring extra time to respond to the comments and revise the document. NMED finds this to be good cause for the requested extension, and hereby grants the request. The revised *Stormwater Performance Monitoring in the Los Alamos/Pueblo Watershed during 2010* Report must be submitted to NMED no later than **September 30, 2011**.
