Dear Messrs. Maggiore and Graham:

The New Mexico Environment Department (NMED) is in receipt of the United States Department of Energy (DOE) and Los Alamos National Security, L.L.C.'s (collectively, the Permittees) document entitled Request for Extension to Submit the Phase II Investigation Report for Upper Los Alamos Canyon Aggregate Area (Report) dated June 13, 2012 and referenced by EP2012-0145.

The Permittees request the extension to submit the Report due to encountering additional contaminated media that requires further investigation and remediation. NMED finds that the Permittees have shown good cause for the request, and hereby grants the time extension. The Permittees must submit the Report no later than August 30, 2013.
