SUBJECT: Approval for SWMU 0-039 Sampling Plan

TO: Jorg Jansen, Project Manager, EM/ER, LANL, MS-M992

EPA Region 6 has issued an approval for the Sampling Plan for SWMU 0-039 which was submitted to them on October 24, 1994. Attached with this memorandum is the letter of approval received at LAAO on January 3, 1995. The approval letter; the EPA Notice of Deficiency (NOD), dated November 14, 1994; and the NOD Response, dated December 16, 1994, should be included with EPA correspondence as an appendix to the OU 1071 RFI Work Plan¹. The comments from the NMED Underground Storage Tank (UST) Bureau, dated November 29, 1994 should also be included in the appendix.

The NOD Response indicates that drilling will begin sometime before the end of January. Therefore, please notify me of your plans for scheduling a readiness review as soon as possible.

If you have any questions regarding this matter, please call me at 665-7203, or Bonnie Koch of my staff at 665-7202.
