SUBJECT: NOTIFICATION OF FIELD UNIT 1 SAMPLING AT TECHNICAL AREA (TA) 0

Dear Ms. Driscoll:

Field Unit 1 plans to start field activities at TA-0, Group 0-1 located at the Zia 6th Street Warehouses on or about June 19, 1995, through approximately October 15, 1995.

A maximum of 5 to 7 septic tanks and one underground storage tank used to store fuel oil will be removed. As many as 178 samples may be taken at this time and submitted for laboratory analyses. A portion of each of the soil and sediment samples will be submitted to the rad van for tritium, gross alpha, beta and gamma spectroscopy. Portions will also be submitted to the chem van for polychlorinated biphenyl (PCB), metals, and volatile organic compound (VOC) analyses. A brief description of samples to be collected are presented in the attached table.

If you have any questions or concerns, please give me a call at (505) 667-0819.

Sincerely,

David McInroy
Environmental Restoration Project
