**SUBJECT: ADDITIONAL COPIES OF THE FINAL RESPONSE TO THE
NOD FOR LOS ALAMOS AND PUEBLO CANYONS WORK
PLAN**

Dear Mr. Garcia:

Enclosed are two additional copies of Los Alamos National Laboratory's Final Response to the Notice of Deficiency (NOD) for the Resource Conservation and Recovery Act Facility Investigation Work Plan for Los Alamos Canyon and Pueblo Canyon. The additional copies were requested by Teri Davis in a July 11, 1997, telephone conversation with Allyn Pratt.

Please note that we have a standard distribution list for personnel receiving all regulatory correspondence. This list was generated jointly by members of your staff and ours to ensure the appropriate personnel received the necessary information. Typically, your office receives at least two copies of each deliverable. If this is not adequate, please let us know.

If you have any questions, please contact Allyn Pratt at (505) 667-4308 or Bonnie Koch at (505) 665-7202.

Sincerely,
