**SUBJECT: REQUEST FOR SUPPLEMENTAL INFORMATION ON THE
 CORE DOCUMENT FOR CANYONS INVESTIGATION
 (FORMER OU 1049)**

Dear Dr. Dinwiddie:

The Environmental Restoration Project received your letter dated August 28, 1997, in which you requested supplemental information on the Core Document for Canyons investigations. In your letter, you indicated that a response should be received from the Los Alamos National Laboratory within 30 days.

We have requested a meeting with your staff at their earliest convenience in order to discuss the comments and to clearly identify the information you expect to see in our written responses. This meeting has been scheduled for September 30, 1997, at 9 a.m. Additionally, we request that the deadline set for our responses be delayed to 30 days after the referenced meeting. Because some of the items you requested may require additional unplanned work, we feel that the meeting and the extension period are necessary to insure that the Canyons Core Document may achieve its goals. The Laboratory is appreciative of the opportunity to meet with you and members of your staff in the cooperative pursuit of the resolution of these issues.

Please coordinate the actions proposed in this letter with Dave McInroy at (505) 667-0819.

Sincerely,

Jorg Jansen
