SUBJECT: CONFIRMATION OF JULY 22, 1998, MEETING AND SITE VISIT FOR PRS 0-016 (FORMER OU 1071, FU 1)

Dear Dr. Dinwiddie:

The Los Alamos National Laboratory Environmental Restoration (ER) Project is in receipt of the letter issued by the New Mexico Environment Department Hazardous and Radioactive Materials Bureau (HRMB) dated July 1, 1998, that rejects the Voluntary Corrective Action (VCA) Report for Potential Release Site (PRS) 0-016. As described in the letter and discussed with Ms. Kim Hill at the HRMB/LANL ER Monthly Meeting on July 9, 1998, a meeting and site visit have been scheduled for July 22, 1998, to discuss and clarify HRMB review comments on the VCA Report for PRS 0-016. The meeting and subsequent site visit are scheduled to begin at 8:30 am; all participants should meet at the ER Project Office at the Pueblo Complex.

If you have any questions regarding this meeting and/or site visit, or require additional information, please contact Dave McInroy at (505) 667-0819 or Joe Mose at (505) 667-5808.

Sincerely,

Julie A. Canepa, Program Manager
 LANL/ER Project
