OFFICE MEMORANDUM

TO J. B. Montoya, ESG-3

DATE: October 2, 1973

FROM R. N. Mitchell *R N M*

00686

SUBJECT: CONTAMINATION SURVEY

SYMBOL: H-5

The five structures listed in your memo of September 14, 1973 have been surveyed for possible chemical or toxic contamination. The results of the survey are as follows:

- (1) Incinerator Building 974, Airport Road. No significant chemical or toxic contamination.
- (2) Bunkers at 2200, 2220 and 2320 Fox Street. No significant chemical or toxic contamination.
- (3) Bunker at 2280 Fox Street. The key for this fence and bunker was obtained from the Los Alamos Police Department. The bunker contained two cases that were labeled "High Explosive."
