Dear Mr. Bearzi:

RE: Approval and Concerns  
Response to Rejection of 00-016 VCA Report and the  
Revised 00-016 VCA Completion Report  
Los Alamos National Laboratory  
NM0890010515

We have received copies of your September 22, 1999 letter to Dr. John Browne, Director, Los Alamos National Laboratory and their November 1, 1999 response to you. As the present landowner of site 00-016, please provide us with a letter stating your concurrence with the approach LANL/DOE is using to address the two concerns you identified in your September 22, 1999 letter, which approved the Response to the Rejection of 00-016 VCA Report (dated November 19, 1998).

This site was proposed to be included in a land exchange in the early 1990's. Both the Forest Service and the land exchange proponent are anxious to complete this exchange. Your response to this letter is necessary for us to move forward and complete the land exchange.

Please direct all questions to John Bruin, Asst. Lands Staff, at 438-7845.

Sincerely,

  
for LEONARD ATENCIO  
Forest Supervisor
