**SUBJECT: REVISED TABLE 1-1 OF THE CORE DOCUMENT FOR CANYONS INVESTIGATIONS (LAUR-96-2083)**

Dear Mr. Kieling:

Enclosed is the Los Alamos National Laboratory's revised Table 1-1 of the Core Document for the Canyons Investigations. This table reflects the planned completion dates for the remaining Task/Site Work Plans as previously discussed with John Young of your staff. This letter is a request to consolidate the remaining four Canyon Groups (Group 5, 6,7 and 8) into two Task/Site Work Plans. These two Task/Site Work Plans will address the remaining canyons systems in the North part of the Laboratory (Group 5) and the Canyon systems in the South part of the Laboratory (Groups 6, 7, and 8). We are requesting that the Task/Site Work Plan for Group 5 be submitted in September 2001, and the Task/Site Work Plan for Groups 6,7 and 8 be delivered in September 2002. These delivery dates do not affect the scheduled start date for implementation of Canyons field activities in these watersheds.

If you have any questions, please call Dave McInroy at (505) 667-0819 or Allyn Pratt at (505) 667-4308 of the Los Alamos National Laboratory or Joe Mose at (505) 667-5808 of the Department of Energy.

Sincerely,

Julie A. Canepa, Program Manager  
 Los Alamos National Laboratory  
 Environmental Restoration

Sincerely,

Theodore J. Taylor, Program Manager
