The Department of Energy, Office of Los Alamos Site Operations, has reviewed the VCA Completion Report for consolidated Unit 00-003-99 (PRS 0-003, PRS 0-012 and PRS 0-030(I)). We agree with the findings of this report and concur with the recommendation for no further action (NFA) for the subject PRSs. The ESHD office in Albuquerque completed an independent review of the subject document and concurred with the recommendation for NFA at this consolidated PRS.

As the Administrative Authority for these PRSs DOE requests that LANL/ER prepare the closeout files for this consolidated unit.

Sincerely,

Mat Johansen
