SUBJECT: SAMPLING NOTIFICATION FOR LOS ALAMOS AND PUEBLO CANYONS

Dear Mr. Young:

The Los Alamos National Laboratory Environmental Restoration Project is planning to sample surface water and alluvial groundwater in Los Alamos and Pueblo Canyons starting the week of 11 March 02. This sampling is intended to satisfy the requirements of the fourth of four rounds of sampling in those canyons. The timing of this sampling round is based on the goal of characterizing water quality associated with anticipated rising water levels associated with snow melt runoff.

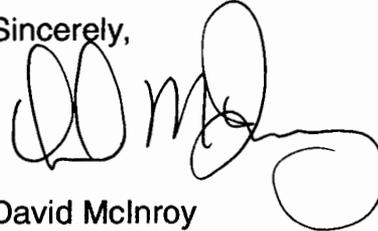

Samples will be collected as shown in the table below.
