**SUBJECT: MARCH 10, 2003 MAP DELIVERABLE**

Dear Mr. Young:

In response to your February 21, 2003, letter requesting revised maps, Los Alamos National Laboratory and the Department of Energy is in the process of making the requested revisions. As discussed in our February 26, 2003, meeting, we are providing five maps, one showing Potential Release Site (PRS) 00-015 (the Sportsmans Club), one showing PRS 72-001 (the Protective Force firing range in Sandia Canyon), and three quadrant maps showing firing site PRSs listed as "Inactive/Closed" on the "Open Detonation PRSs" list referred to in your letter. Because the fourth quadrant includes no firing sites in addition to those to be included on the map of DX corridor firing sites still under revision, there is no need to provide a map of the fourth quadrant.

Please contact Don Hickmott at (505) 665-1116 should you have any questions.

Sincerely,

David McInroy, Acting Program Manager  
Remediation Program  
Los Alamos National Laboratory

Sincerely,

Everett Trollinger, Project Manager
