**Subject:** Groundwater and Surface Water Sampling for the Week of November 14, 2005  
**Attachments:** @

John et al.,  
Attached is the field schedule for the week of November 14, 2005. Regional wells R-4 and R-2 in Pueblo Canyon were not sampled due to road washout and fallen trees. Repairs are being requested and should be completed in the next couple of weeks. Groundwater level activities are ongoing.

Please contact me if there are questions.

Cheers,

ARG
