**SUBJECT: EXTENSION REQUEST FOR THE RESOURCE
 CONSERVATION AND RECOVERY ACT FACILITY
 INVESTIGATION (RFI) REPORT FOR TECHNICAL AREA
 (TA) 1, AGGREGATES N AND P**

Dear Mr. Garcia:

The Los Alamos National Laboratory's Environmental Restoration Project requests an extension of the deadline for the RFI Report for TA-1 Aggregates N and P. We request that the July 26, 1996, deadline be extended to November 8, 1996.

The RFI report deliverable date of July 26, 1996, was set assuming that field work at the Western Sanitary Waste Line would begin by February; however, field work was unexpectedly delayed and will not be complete until early July. We are requesting the November 8, 1996, date because we are confident that this date will allow sufficient time for completion of the RFI report after all analytical data have been received.

Please contact Garry Allen at (505) 667-3394 or Bonnie Koch at (505) 665-7202, if you have any questions.

Sincerely,

for Jorg Jansen, Program Manager
 LANL/ER Project
