Santa Fe, NM 87505-6303

**Subject: 15-Day Sampling Notification for Phase II Middle Los Alamos Canyon Aggregate Area Investigation**

Dear Mr. Kieling:

On May 10, 2017, Los Alamos National Laboratory is scheduled to conduct additional soil sampling as part of the continuation of Phase II investigation and remediation activities in the Middle Los Alamos Canyon Aggregate Area. The scope of the sampling is part of ongoing field activities being conducted to meet the objectives of the Phase II Investigation Work Plan for the Middle Los Alamos Canyon Aggregate Area, Revision 1, dated February 27, 2009 (EP2009-0079), and the New Mexico Environment Department approval letter, dated March 25, 2009 (HWB-LANL-08-051).

Sampling activities are expected to last approximately 4 months, from early May 2017 to the end of August 2017. The sampling results will be presented in the investigation report for this aggregate area.

If you have any questions, please contact Bruce Robinson at (505) 667-1910 (robinson@lanl.gov).

Sincerely,

Bruce Robinson, Program Director  
Environmental Management – Environmental Remediation  
Los Alamos National Laboratory
