Subject: Fifteen-Day Sampling Notification Upper Mortandad Canyon Aggregate Area Investigation

Dear Mr. Bearzi:

Beginning April 8, 2009, Los Alamos National Laboratory (the Laboratory) is scheduled to begin execution of investigation activities in the Upper Mortandad Canyon Aggregate Area. The scope of the sampling contained in this field campaign is documented in the Investigation Work Plan for the Upper Mortandad Aggregate Area, Revision 1, dated February 2008 (EP2008-0108); and the subsequent New Mexico Environment Department (NMED) Approval with Modifications for this work plan, dated March 24, 2008 (HWB-LANL-07-040).

Sampling activities are expected to last for 3 months, from April to June 2009. The sampling results will be presented in the investigation report for this aggregate area, due to NMED on September 29, 2009.

Please contact Kent Rich at (505) 665-4272 (krich@lanl.gov) if you have any questions.

Sincerely,

Dave McInroy, Project Director
Environmental Programs – Corrective Actions Program
Los Alamos National Laboratory
