**Subject:** RE: Expedited Demolition Notification for 2nd Quarter CY 2012 Structures

Cathy

FYI.

NMED will respond to this when formal notification of expedited demolition is received. Please send the formal notification 30-day prior to demolition of any building and structures as required by Section 1.17 of the Permit. Emails are not formal documents and do not satisfy the 30-days notification requirement.

Call me if you have any questions.

Thanks, Neelam

**Subject:** Expedited Demolition Notification for 2nd Quarter CY 2012 Structures

Mr. John E. Kieling  
Acting Bureau Chief  
Hazardous Waste Bureau  
New Mexico Environment Department  
2905 Rodeo Park Drive East, Building 1  
Santa Fe, NM 87505-6313

Dear Mr. Kieling:

The National Nuclear Security Administration (NNSA) and Los Alamos National Security LLC (LANS) (collectively the Permittees) are informing the New Mexico Environment Department Hazardous Waste Bureau (NMED-HWB) of the need to expedite the demolition of structures summarized in the enclosed spreadsheet. These structures have been identified to receive funding and be demolished prior to the 3rd Quarter Demolition Notification (June 30, 2012).

The enclosures (Enclosure 1 and Enclosure 2) attached to this email satisfy the reporting requirements as outlined in Section 1.17 of the LANL Hazardous Facility Waste Permit (Permit). The Permittees will also submit a letter to NMED-HWB documenting this expedited notification and email correspondence.

Demolition of buildings that appear on this list will not occur until 30 days after NMED has received this notification.

Please contact Mark Haagenstad at [mph@lanl.gov](mailto:mph@lanl.gov) or 505-665-2014 if additional information would be helpful.
