Dear Mr. Kieling:

**Subject: Corrected Demolition Notification for Fiscal Year 2016 and Quarter Ending
December 31, 2015**

The National Nuclear Security Administration (NNSA) and Los Alamos National Security, LLC (LANS), (collectively the Permittees) are submitting a corrected notice of demolition activities for fiscal year 2016 and quarter ending December 31, 2015 in accordance with Permit Section 1.17 of the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit (Permit) to the New Mexico Environment Department Hazardous Waste Bureau (NMED-HWB).

The enclosure "Corrected Demolition Notification for Fiscal Year 2016 and Quarter Ending December 31, 2015 and List of Buildings and Attachment of Hazardous Materials Descriptions – Page 1" (Enclosure 1) attached to this letter satisfies the reporting requirements as outlined in Section 1.17.1 of the Permit. The requirement at Section 1.17.1 (4) of the Permit identifying solid waste management units (SWMU)/areas of concern (AOC) within 50 feet of the footprint was incomplete for building 03-1888 as SWMU 03-050(f) was not identified as one of the SWMU/AOCs. Page 1 of the table has been updated to include 03-050(f) as a SWMU within 50ft of building 03-1888.

Mr. John E. Kieling
