**RE: DEMOLITION NOTIFICATION FOR QUARTER ENDING MARCH 30, 2018
LOS ALAMOS NATIONAL LABORATORY
EPA ID #NM0890010515
HWB-LANL-MISC**

Dear Messrs. Goodrum and Roberts:

The New Mexico Environment Department (NMED) has received the United States Department of Energy (DOE) and the Los Alamos National Security, LLC (LANS) (collectively, the Permittees) *Demolition Notification for Quarter Ending March 30, 2018*, dated and received December 19, 2017, and referenced by EPC-DO-17-511, LA-UR-17-31148.

As stated by the Permittees, investigations are not complete at several Solid Waste Management Units (SWMUs) and Areas of Concern (AOCs) located within 50 feet of the buildings proposed for demolition. The Permittees state that they will ensure that the sampling locations and depths proposed in the approved work plans are not affected by these activities. In the case of adverse impacts to the SWMUs/AOCs where investigations are not complete, the Permittees must document all demolition activities that affect any SWMUs or AOCs in detail so that any impacts on work proposed at the SWMUs/AOCs can be identified and evaluated.
