Mr. John E. Kieling, Chief
Hazardous Waste Bureau
New Mexico Environment Department

Subject: Demolition Notification for Quarter Ending March 31, 2019 for Los Alamos National Laboratory EPA ID# NM 0890010515

Dear Mr. Kieling:

The National Nuclear Security Administration (NNSA), Environmental Management Los Alamos Field Office (EM-LA), Triad National Security, LLC (Triad) and Newport News Nuclear BWXT- Los Alamos (N3B), (collectively, the Permittees) are submitting a notice of demolition activities for the quarter ending March 31, 2019 in accordance with Permit Section 1.17 of the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit (Permit) to the New Mexico Environment Department Hazardous Waste Bureau (NMED-HWB).

Enclosures 1 and 2 "Demolition Notification - January 1, 2019 through March 31, 2019 List of Buildings and Attachment of Hazardous Materials Descriptions" for Triad and N3B, respectively, attached to this letter satisfy the reporting requirements as outlined in Section 1.17.1 of the Permit. The requirement at 1.17.1(7) of the Permit is not relevant at this time, as this notification does not identify buildings or fixed structures previously identified and not demolished. Each enclosure also contains a signed certification from the responsible co-Permittee.

The Permittees understand that investigations may not be complete at Solid Waste Management Units/Areas of Concern (SWMUs/AOCs) located within 50 feet of the buildings proposed for demolition. The Permittees will ensure that the sampling locations and depths proposed in the approved work plans for the SWMUs/AOCs identified are not affected by the demolition activities.

In the case of potentially adverse impacts on the SWMUs/AOCs observed in this notification, demolition activities will be documented to ensure that the potential impacts are appropriately identified and evaluated. Accordingly, if a demolition report is prepared for buildings that the Department has identified in writing, the Permittees will provide a copy of the demolition report

to the NMED-HWB within 30 days after the report is completed in accordance with Section 1.17.3 of the Permit.

If you have questions or comments concerning this submittal for Triad, please contact Karen E. Armijo of the Department of Energy (DOE) at (505) 665-7314 or Patrick L. Padilla (Triad) at (505) 667-3932.
