Los Alamos, New Mexico 87545

Dear Mr. Yanicak:

This letter acknowledges receipt of your letter to Mat Johansen, dated May 2, 1997, providing comments on monumenting penetration and monitor well locations and your recommendation to plug and abandon access holes in Mortandad Canyon. I will discuss your recommendations with Jorg Jansen and take appropriate action.

Thank you for providing these comments on the LANL Environmental Restoration Project. If I have questions, I will contact you to discuss them. Moreover, to assist in maintaining close cooperation, I suggest that we discuss the status of correspondence between our offices at regular quarterly meetings.

Sincerely,

Theodore J. Taylor
Environmental Restoration Program Manager
